**No program on
Monday July 4th**

In this half day Fun Lab, children get a chance to explore many aspects of the world. Children will develop an understanding of what science is and how it relates to their daily lives. They'll even have a day as "Mad Science Master Builders" building and designing cool structures. Every day, kids will take part in a variety of exciting demonstrations and fun hands-on activities that will establish them as official "Junior Scientists".
